Client Wins From Oct. 9-11

ImageSoft gets content management work with CAA: The Canadian Automobile Association of South Central Ontario has selected Southfield-based ImageSoft Inc. to implement an enterprise content management system for the organization. CAA South Central Ontario (<http://www.caasco.com/>) is the largest auto club in the Canadian Automobile Association serving over 1.8 million members in its region. ImageSoft's work for CAA SCO will entail replacing the organization's current system with an OnBase Enterprise Content Management System. ImageSoft will customize, implement and support the OnBase system for CAA SCO to ensure a successful conversion and greater efficiency. OnBase, by Hyland Software, will address the specific document management needs of every component of CAA SCO's business, as well as improve its processes and simplify the management and flow of information across the entire enterprise. The net result will enable CAA SCO to streamline its operations, reduce costs and enhance its service to customers. ImageSoft's markets include insurance companies, government, the courts, healthcare and educational institutions and manufacturers. Founded in 1996, ImageSoft today serves customers throughout the United States, Canada and Mexico. More at <http://www.imagesoftinc.com/>.
