## Awards And Certifications From February 3

**ImageSoft wins from Hyland for sixth straight year:** For the sixth consecutive year, Hyland Software Inc., one of the world's largest and fastest growing independent providers of enterprise content management software, has bestowed top honors on Southfield-based ImageSoft Inc., for sales and service of its OnBase ECM software suite. ImageSoft earned platinum level partner status for sales achievement and the Diamond Award for customer support. Platinum partnership is awarded annually to companies based on software revenue generated during the previous year. ImageSoft, of Southfield, has earned platinum status since 2005, and in 2009 was Hyland's No. 1 partner based on sales of new OnBase licenses. Additionally, ImageSoft earned Diamond Support Award status, the highest level awarded Hyland partners, for its superior technical support to customers. Criteria for the Diamond Award in Hyland Software's OnBase Authorized Solution Provider program include retention of more than 95 percent of maintenance customers, providing direct support to more than 25 installed solutions, maintaining a minimum of three certified OnBase installers during the previous year, and significant participation in TechQuest, the OnBase developer conference and the Team OnBase Conference.
